

"GREEN GRASS, CLEAR WATER"

WEBINAR

June 15, 2020 6:30PM

Many of us enjoy the time we spend working on our lawns and are willing to try new practices as long as our lawns continue to look nice. Watch to learn how you can grow and maintain a beautiful lawn that also helps protect our valuable water resources. Hear about grass seed choices, and fertilizer, watering and mowing tips to keep your yard beautiful, healthy, and safer for our environment.

Julia Peterson, Coastal Water Resources Specialist at the University of NH will present this informative and helpful information, and will be available to answer your questions.

Please click [HERE](#) to register for this important and informative online presentation.
Registration is free, but is required.

This project is funded, in part, by NOAA's Office of Coastal Management under the Coastal Zone Management Act in conjunction with the New Hampshire Department of Environmental Services Coastal Program
